Because of differences in national regulations, various different versions of each vehicle exist. Please also bear in mind that vehicle development is permanently ongoing. As a result, not all of the wheel/tyre combinations shown in this brochure will be approved for your particular Mercedes-Benz. Your Mercedes-Benz partner has access to constantly updated information on every Mercedes-Benz wheel, including the relevant technical inspection findings and licensing conditions, and will be happy to advise you.

Mercedes-Benz light-alloy wheels are supplied without tyres, hub caps, valve caps or wheel bolts. To help prevent theft, we recommend the use of Mercedes-Benz rim locks.

Choose your favourite wheels online.
Our Accessories Configurator shows you at a click of the mouse how the various Mercedes-Benz light-alloy wheels will look on your vehicle. Visit our website at www.mercedes-benz-accessories.com

01 AIR-BALANCE package

The inside story.

The interior of an S-Class is many things at once:
a place to work, relax or simply be.

Close the door and discover inner calm. Breathe freely.
And savour that sense that, inside your S-Class, you're at home.

01 AIR-BALANCE package

The interior of the vehicle can be fragranced individually to suit your tastes with the aid of the AIR-BALANCE package (optional extra Code P21). There are four high-quality fragrances to choose from, designed to suit your personal preferences and mood. The intensity of the fragrance can be adjusted in three stages. The quality of the air can also be enhanced by ionising the oxygen and filtering the outside air.

Flacon, DOWNTOWN MOOD
Fragrance family: floriental, musk, fruity

Transparent, flowery combination of jasmine and lilac, with warm undertones of musk, ambergris and a cashmere note. Top notes include magnolia and rosewood for freshness, peach for softness and an intriguing metallic effect. A soft, sensual, atmospheric perfume with sex appeal.

Flacon, NIGHTLIFE MOOD
Fragrance family: woody, oriental, ambered

NIGHTLIFE MOOD is enriched with complementary woody notes that give the perfume body. Cool spices such as cardamom and pink pepper give a freshness to the top notes. And a hint of a particular aldehyde balance adds a subtle cognac effect. In the base notes the wood tones combine with frankincense, ambergris and vanilla to create a soft, silky elegance.

Flacon, SPORTS MOOD
Fragrance family: green, flowery, citrus

This perfume is based on a harmony of lime tree blossom and fresh, light-green leaves. The lime tree blossom at the heart of the perfume is surrounded by light, flowery tones such as magnolia, gardenia and violet. The green top notes take their freshness and lightness from aspects of grapefruit and watermelon, while the base notes have a mossy nuance.

Flacon, FREESIDE MOOD
Fragrance family: citrus, flowery, tea

Citrus elements combine with tea at the heart of this perfume, which is rounded off elegantly with flowery top notes. The base notes include hints of cedar, patchouli and ambergris. Overall: very rounded and harmonious.

02 CLASSIC velour floor mats
Elegant, high-quality tufted velour mats, featuring metal badge with Mercedes-Benz lettering. Available in various colours to match your interior.

04 Coat hanger
Minimise creasing with this stylish and practical coat hanger made from chromed metal. Easy to fit to the front head restraints.

01 Illuminated door sill panel
A distinctive, eye-catching accessory, whether in daylight or at night – "Mercedes-Benz" lettering illuminated in brilliant white, set in an elegant ground stainless steel panel.

02 Sports pedals in brushed stainless steel
A distinctive touch: elegant brushed stainless steel and non-slip studs signal sporting ambition.
